## Current Events

This week we will continue our unit on Pond

Life. We will read stories and complete activities that focus on fish, frogs, and snails. Next week we will begin our Ocean Life part of the unit. We will learn about some of the animals that live in the ocean and the differences between ponds and oceans.

**PLEASE** make sure you have sent an emergency set of clothes to school. A number of the students still have clothes from the fall and it is either for cold weather or does not fit them anymore. When you send the new set we will send back what we have here.

The Pre-K End-Of-Year Program will be on Monday, June 11<sup>th</sup>. We will sing a few of the student's favorite songs from the year and then hand out certificates.

This week in small group we will:

- make a fish
- make a lily pad
- make a frog float for snack
- make a snail

## IMPORTANT REMINDERS!!!!

- Library books are due to school by May 24<sup>th</sup>. The Library staff needs to take an inventory of the library and if your child's book is not returned you will have to pay for its replacement.
- PLEASE make sure that your child is wearing appropriate shoes to school. **Flip-flops are not allowed** by Charles Co. Public School's dress code and sandals are just not a good idea on the playground. The children spend most of their play time getting the rocks out of their shoes.
