

## Electrical Apprenticeship Program

**Earn while you learn** in an electrical apprenticeship program. The program includes 450 paid on-the-job training hours, 165 hours of classroom instruction, plus OSHA 10 and CPR certifications. After completing this program, apprentices move on to Year 2 of the four year program. After completing all four years apprentices are eligible to obtain a Journeyman's electrical license.

OPPORTUNITY FOR CURRENT CCPS JUNIORS!

### HOW DOES IT WORK?

During the school year, students are employed with a local electrical contractor and work mornings from about 6:30 am to lunchtime Monday-Thursday before returning to high school in the afternoon to complete their course requirements for graduation. On Fridays, students attend the 1<sup>st</sup> year apprentice classes at the Hughesville Training Center, and then return to school in the afternoon.

IEC Chesapeake helps students secure employment with a contractor. Opportunities also exist to work the summer between junior and senior year.

Prerequisites: Students must have a valid driver's license and reliable transportation in order to be accepted into the program.

### HOW DOES THE PROGRAM BENEFIT STUDENTS?

Students will receive:

- Training in a state-of-the-art facility
- Opportunity for full-time employment with benefits
- Entry into apprenticeship training in one of the fastest growing occupations in residential or commercial construction
- Two national certifications: CPR/Red Cross and OSHA 10
- Multiple chances to network with successful electrical contractors hiring in the Baltimore/Washington region
- Job coaching and placement assistance

### WHERE AND WHEN

College of Southern Maryland,  
Hughesville Campus-  
Center for Trades and Energy  
6170 Hughesville Station Place  
Hughesville, MD 20637

Starts Fall 2021. Date to be determined.
