

IUOE Local 77 JATC Apprenticeship Program

Three-year program that trains apprentices in all aspects of heavy equipment operation and maintenance.

We train apprentices in excavation equipment such as excavators, bulldozers, skid steers and loaders. Apprentices will be taught to load trucks with dirt, carry grade with all equipment and how to safely excavate deep excavations for pipe and other utilities.

We train apprentices in all types of cranes: mobile, tower and overhead. We train apprentices in rigging and signaling cranes and loads. Apprentices will be trained and have the opportunity to earn their NCCCO Crane certification during their apprenticeship training.

Equipment

At our training center we maintain a 170-acre training facility with millions of dollars' worth of state of the art equipment. Some of the equipment we have and provide training on are:

Comansa Tower Crane
Link Belt 248H truck crane
Link Belt 108 HYLAB crawler crane
Grove 535 RT Crane, Overhead Crane
Caterpillar 320, 336 excavators
Caterpillar D3, D5 bulldozer
Caterpillar 420 backhoes
4100 XL Gradall
Computer Simulator for Mobile and Tower Crane, Excavator and Dozer

Apprenticeship applicant's requirements

Applicants must have:
High School Diploma or GED
