

A FUTURE IN CONSTRUCTION

You are attending this career fair to gain a better sense of what you want to do in this next stage of your life. Either you have decided that you do not want to go to college after you graduate, or that the first career path you chose was not the right fit. What you do know is that you have an interest in building things, and you want to turn that interest into a career. Look no further than LIUNA.

Instead of going into debt after spending thousands of dollars on an education that you do not want, become a LIUNA apprentice. Earn a living wage while you learn skills that you will use when you build essential roadways, bridges, and buildings throughout the Mid-Atlantic region.

Your future awaits, and LIUNA wants to help you succeed from the start. LIUNA will take care of training you into a skilled construction craft laborer, but you are in control of when that future can begin when you give LIUNA a call.

Take the first step to becoming a construction craft laborer by contacting us today!

BUILD YOUR FUTURE

As a Skilled Construction Craft Laborer

Feel the Power

TRAIN FOR SUCCESS

Have no experience in construction? No problem! Whether you have minimal or extensive construction experience, your participation in LIUNA training will ensure you are properly trained for a wide range of construction jobs. As a good-standing LIUNA member, LIUNA training is completely free.

The Mid-Atlantic region is home to six LIUNA training centers that hold various classes year round. LIUNA training instructors teach through a combination of classroom and hands-on demonstrations. Nearly 100 training courses exist in the three main categories of work LIUNA laborers perform: heavy/highway, building construction, and environmental cleanup..

WHAT DOES IT MEAN TO BE A CONSTRUCTION CRAFT LABORER

As a skilled construction craft laborer with the Laborers' International Union of North America (LIUNA), many opportunities open up to you. As long as you work hard and live a drug-free life, you'll continue to have access to those opportunities. Once you have fulfilled all training requirements, you are eligible to work on the projects of LIUNA's signatory contractors. These are contractors that partner with LIUNA to make sure they have enough workers to staff their projects.

Some examples of skilled laborers work include:

- **Concrete placement**
- **Demolition**
- **Landscaping**
- **Pipe laying**
- **Road and bridge building**

LIUNA MEMBER BENEFITS

Earn top pay: Skilled construction craft laborers make family-supporting wages
