Charles County Public Schools
2019 Summer Enrichment Camps

Located at Maurice J. McDonough High School
7165 Marshall Corner Rd.
Pomfret, MD
2019 Summer Enrichment Camp Information

- Camp Weeks:
  - Week 1: June 24 - June 28
  - Week 2: July 8 - July 12
  - Week 3: July 15 - July 19
  - Week 4: July 22 - July 26
  - Week 5: July 29 - Aug. 2

- Camp Location*: Maurice J. McDonough High School
  7165 Marshall Corner Rd.
  Pomfret, MD

  *Kindergarten camps held at Dr. James Craik Elementary School and some cooking camps held at Westlake High School.

- Camp sessions last 3 hours/day for 5 days.
- Camp sessions offered in the morning (8:30 a.m. - 11:30 a.m.) and afternoon (12:30 p.m. - 3:30 p.m.).
- Activity time, including free lunch, for campers attending both morning and afternoon sessions for $10.00/week to cover supervision.
- Cost for each camp session - $90.00*
  - Financial assistance available to those who qualify.
    Contact Susan Dobbs at 301-934-7369 or sfdobbs@ccboe.com.
    *Some camps have additional cost for materials.
- Register for camps according to student’s 2019 - 2020 school year grade level.
- $5.00 processing fee for cancellations.

Contact Ann Taylor at ataylor@ccboe.com or (301) 934-7378 for registration questions.
Week 1: June 24 - June 28 Morning Camp Sessions (8:30 - 11:30)

**Grades 1 - 2**

**Secret Spy Camp**
Come join the fun solving mysteries using fingerprints, footprints, and other spy tools. Search for clues to uncover the “who” or “what” did it.

**Sight Words Galore**
Come out and join us for some fun while practicing your sight words with hands-on activities. Games such as sight word Twister, basketball, ring toss, and pool noodles will make you feel confident and strengthen your reading. Come join the fun while becoming a better reader.

**Suit Up For Outer Space**
Learn all about space using hands on STEM activities. Explore the many wonders of the universe beyond our reach.

**Lunch Activity Time**
Lunch Activity Time is available for those students staying for an afternoon camp session. For an extra $10.00 they will be served a hot lunch and have an activity time in between their morning and afternoon camp sessions.

**Grades 3 - 5**

**Create Your Own Music**
Did you know most songs are poetry put to music? Here you will create poetry and music to all different genres of music. This will be a fun filled week of creating and sharing various methods of musical expressions.

**Environmental Etiquette**
Lessen your environmental footprint on your community and world. Learn about how you can help keep your surroundings clean and beautiful through fun activities. Become an advocate for your environment’s health.

** Powerful Presentations**
You will find engaging ways to present information for school or home using the latest technology. Have fun creating and developing interactive presentations to wow your audience.

**Ready, Set, Dance!**
Get ready to move and groove during this camp session. Learn different styles of dance like ballet, jazz, and hip hop. At the end of the week, you will put on a rehearsed showcase of your talent. No experience necessary.

**Grades 6 - 9**

**Baking by Chocolate**
Do you LOVE chocolate? Come and join us and make chocolate candies and desserts! Each day you will discover how chocolate adds flavor to everything you eat!

*Note: An additional $10 fee is added for food supplies.*

**Catch the Code**
Create your own video games to play on your phone or computer at home. Learn new technology skills while having fun coding in this interactive, hands-on computer skill camp.

**Painting for All**
Come and create beautiful and colorful landscapes using acrylic paints in this free style painting class. You don’t have to be an artist like VanGogh or Picasso to enjoy creating your own masterpiece.

**Summer Band Camp**
Don’t let your musical talents go idle over the summer. Come out with other students to play new music and learn new skills. Fun musical games will also be enjoyed. Perform a mini-concert on the last day of camp.

**Track and Field Olympians**
Do you have what it takes to be the next Charles County Olympian? Come learn the basics of track and field events and participate in a track meet. Create your own country flag and form an alliance with other campers for a final Track and Field Olympics meet.
**Week 1: June 24 - June 28 Afternoon Camp Sessions (12:30 - 3:30)**

### Grades 1 - 2

**Crafts with Nature**
Get outside and use nature to inspire creative crafts. Make leaf prints, rock pets, friendship bracelets, bird nests and more! You will have fun learning the wonders of nature and turning them into creative crafts.

**Future Scientists**
The wonderful world of science is all around you. Have fun this camp session doing science experiments, and participate in games and activities all for the young scientist.

**Suit Up For Outer Space**
Learn all about space using hands on STEM activities. Explore the many wonders of the universe beyond our reach.

### Grades 3 - 5

**Breakout Busters**
Use clues, riddles, and brain teasers to unlock a different mystery every day. Students will work in small groups to complete Breakout Box activities as they try to solve the mystery. Put your problem solving skills to use as you create your own breakout box!

**Challenge Accepted!**
Come join this camp if you want to learn ways to use different materials to build structures like bridges, towers, shoes and more! This STEM camp will have you racing against the clock as you accept the “challenge.”

**Coding for Kids**
Create your own games, art, and digital stories that you can share. This is a great way for you to have fun while coding with other students who enjoy computers.

**Powerful Presentations**
Find engaging and fascinating ways to present information using the latest technology in power point, Prezi, and more. Have fun creating and developing interactive presentations to wow your audience.

### Grades 6 - 9

**Breakfast and Baking Bonanza**
Test your skills in the kitchen as you will learn how to make some breakfast favorites and delicious desserts. Practice your decorating skills with cupcakes and decorated sugar cookies.

*Note: An additional $10 fee is added for food supplies.*

**Catch the Code**
Create your own video games to play on your phone or computer at home. Learn new technology skills while having fun coding in this interactive, hands-on computer skill camp.

**Perfect Portraits**
Have fun making faces come to life! Practice with three pictures of faces that you would like to learn how to draw realistically and shade facial features.

**Track and Field Olympians**
Do you have what it takes to be the next Charles County Olympian? Come learn the basics of track and field events and participate in a track meet. Create your own country flag and form an alliance with other campers for a final Track and Field Olympics meet.

</table>
| **Environmental STEAM Camp**  
Discover new and exciting parts of the environment with this hands-on exploratory experience. Learn different aspects of STEAM - Science, Technology, Engineering, Art, and Mathematics with fun activities. | **Chess for All**  
Enjoy a week of chess matches to perfect your skills whether you are a beginner or an experienced chess player. Learn the moves of all the chess pieces as well as special moves such as castling and en passant. | **Bizarre History - Too Bizarre to be True**  
Learn about the bizarre oddities and events that are part of our past. Mysterious artifacts, macabre legends, kooky inventions, and mind-blowing facts are a part of history not typically taught in Social Studies. |
| **Exploring the Solar System**  
Have you ever looked up into the night sky and wondered what is out there? We will travel to the different planets, the moon, and much more through literature, crafts and some yummy snacks! | **Create Your Own Music**  
Did you know most songs are poetry put to music? Here you will create poetry and music to all different genres of music. A fun filled week of creating and sharing various methods of musical expression. | **Chess for All**  
Enjoy a week of chess matches to perfect your skills whether you are a beginner or an experienced chess player. Learn the moves of all the chess pieces as well as special moves such as castling and en passant. |
| **Fairy Tale STEAM**  
Look beyond just reading your favorite fairy tales. This camp will have you going into the fairy tale world by creating fun art projects and STEAM challenges to solve problems focused on the fairy tale. | **It’s All About Those Apps**  
Explore different apps like HP Reveal, Action Movie, Stop Motion Studio, Green Screen, and more. If you like to draw and make videos using iPads, this STEAM camp is for you. | **Fitness for Fun**  
Stay active this summer by playing different sports and keeping fit. Different sports such as basketball, soccer, floor hockey and more will keep you active while having fun. |
| **It’s a Mo Fun Summer**  
Create your own book just like Mo Williams. Learn how to use speech bubbles, animals, pictures, and more as you become an author. | **Sweets and Spices**  
Learn about herbs, spices, and alternative yummy ways to season food without salt. Make tasty entrée’s and non-cook healthy sweet treats. Your body will love you! | **Music Around the World**  
Learn and play music from around the world. Play in a drum circle, create cultural art, and experience different cultures and traditions through music. |

Lunch Activity Time is available for those students staying for an afternoon camp session. For an extra $10.00 they will be served a hot lunch and have an activity time in between their morning and afternoon camp sessions.
Exploring the Solar System
Have you ever looked up into the night sky and wondered what is out there? We will travel to the different planets, the moon, and much more through literature, crafts and some yummy snacks!

It’s All About Those Apps
Explore different Apps like HP Reveal, Action Movie, Stop Motion Studio, Green Screen, and more. If you like to draw and make videos using iPads, this STEAM camp is for you.

Puppet Theater
You will create puppets and props to bring to life your favorite stories. Create and perform your own puppet play!

Sweets and Spices
Learn about herbs, spices, and alternative yummy ways to season food without salt. Make tasty entrée’s and non-cook healthy sweet treats. Your body will love you!

Fitness for Fun
Stay active this summer by playing different sports and keeping fit. Different sports such as basketball, soccer, floor hockey, and more will keep you active while having fun.

Music Around the World
Learn and play music from around the world. Play in a drum circle, create cultural art, and experience different cultures and traditions through music.

The Wizarding World of Harry Potter
Have a week of wizarding fun that includes readings from the Harry Potter books, magical games, STEM challenges, arts and crafts, and more! You will make your own wand, fight off dementors, and taste Butterbeer.

Tabletop Gaming
Do you like to play games like Monopoly, Sequence, Scattergories, and more? Are card games your interest? Come out and have fun playing these strategic familiar games and even learn some new ones.

Learning with Crafts Kindergarten Camp - held at Craik Elementary School, 7725 Marshall Corner Rd., Pomfret
Get ready for Kindergarten by learning through engaging activities. You will enhance your reading and math skills by creating exciting arts and crafts.
**Week 4: July 22 - July 26 Morning Camp Sessions (8:30 - 11:30)**

**Kindergarten Sneak Peek** - held at Craik Elementary School, 7725 Marshall Corner Rd., Pomfret  
Get ready for Kindergarten by learning through engaging activities. You will enhance your reading and math skills by creating exciting arts and crafts.

**Grades 1 - 2**

**Brain Boot Camp**  
Give your brain a work out by learning computer languages, solving puzzles, playing word association games, and programming a robot to accomplish a task. If you love challenges and like to think outside the box, then come join in the fun.

**Clay Creations**  
Have fun making different types of clay and/or dough each day. You will then mold it into creations such as beads, pots, animals, and more!

**Environmental STEAM Camp**  
Discover new and exciting parts of the environment with this hands-on exploratory experience. Learn different aspects of STEAM - Science, Technology, Engineering, Art, and Mathematics with fun activities.

**Secret Spy School**  
Calling all secret agents! This summer you will go undercover and complete our spy training. Learn the basics of cracking codes, writing secret messages, looking for clues, and going undercover.

**Lunch Activity Time** is available for those students staying for an afternoon camp session. For an extra $10.00 they will be served a hot lunch and have an activity time in between their morning and afternoon camp sessions.

**Grades 3 - 5**

**Kid’s Culture Cafe**  
Make a difference through diversity. Campers will participate in activities and games while learning about other cultures. Activities will include team building events, cultural influences, and understanding the community around you.

**Game, Set, Match - Tennis Camp**  
Looking for a fun new sport? Learn some of the basics of the game, as well as play games to earn prizes. Coach James will teach you all about the game of tennis. Racquets will be provided if you don’t have one.

**Grace in Motion Dance Camp**  
Express yourself creatively through dance while gaining the skills and technique to master routines. Work together to master choreography that can be presented at the end of the camp session.

**Just Sweets**  
Create yummy sweet treats for your friends, family, or even just for yourself! Learn how to follow a recipe and safely bake some delicious sweet treats!  
*Note: An additional $10 fee is added for food supplies.*

**Grades 6 - 9**

**Creative Crafters/Sewers**  
Do you know how to sew? Do you want to learn? Come and create different projects such as a pillow case, phone charger, drawstring bag, and more.

**Water Bottle Rocket Challenge**  
Design and build your own bottle rocket to set off at the end of the week. Work with recycled materials as you prepare a cost analysis. See whose rocket will soar the highest!
Brain Boot Camp
Give your brain a work out by learning computer languages, solving puzzles, playing word association games, and program a robot to accomplish a task. If you love challenges and like to think outside the box, then come join in the fun.

Cool Crafts Club
Take a break from the heat of the sizzling summer while working to create cool and engaging crafts. Have fun putting together all types of funky crafts using feathers, glitter, pom poms, and more crafty items.

Fairy Tale STEAM
Look beyond just reading your favorite fairy tales. This camp will have you going into the fairy tale world by creating fun art projects and STEAM challenges to solve problems.

Once Upon A Time...

Brain Boot Camp
Ancient River Valleys
Discover the wonders of the ancient world like Egypt, Mesopotamia, India, and China. You will have fun making cuneiform tablets, cave paintings, and other crafts. Study ancient hieroglyphics, pyramids, mummies, and more.

Learning to Lead!
Aspiring leaders will learn and thrive during this fun, challenging, and engaging week of camp! Daily team building and problem solving games will have you feeling included, valued, and invested in your community. Unique activities will include an escape room, reflective exercises, and even some experiential learning involving a four-legged friend.

Volleyball FUNdamentals
Like to play volleyball? You will work on all the skills needed to help better your game. Skills such as ball-control, setting and fundamental skills will all be practiced while having fun.

Water Bottle Rocket Challenge
Design and build your own bottle rocket to set off at the end of the week. Work with recycled materials as you prepare a cost analysis. See whose rocket will soar the highest!

Art Through My Eyes (at me)
Explore the art world the way you see things while at the same time learning different techniques. Practice various forms of art from painting, drawing, string, rope, and chain art. Learn techniques on the art of photography using a camera, phone, or tablet.

Branding My Scent
This is your opportunity to create your own personalized body and skincare scents. Learn how to create the perfect soap, lotion, lip balm, and perfume that screams your name. With just a few natural products you can make your own products with your created scents.

Just Sweets
Create yummy sweet treats for your friends, family, or even just for yourself! Learn how to follow a recipe and safely bake some delicious sweet treats!

Note: An additional $10 fee is added for food supplies.

Sew Simple
Learn basic sewing skills to create your own item such as an infinity scarf, pillow, or lounge pants. Once you learn to sew, the world of creating your own items is endless.

Kindergarten Sneak Peek - held at Craik Elementary School, 7725 Marshall Corner Rd., Pomfret
Get ready for Kindergarten by learning through engaging activities. You will enhance your reading and math skills by creating exciting arts and crafts.

Mission Statement

The mission of Charles County Public Schools is to provide an opportunity for all school-aged children to receive an academically challenging, quality education that builds character, equips for leadership, and prepares for life, in an environment that is safe and conducive to learning.

The Charles County public school system does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, age or disability in its programs, activities or employment practices. For inquiries, please contact Kathy Kiessling, Title IX/ADA/Section 504 Coordinator (students) or Nikial M. Majors, Title IX/ADA/Section 504 coordinator (employees/adults), at Charles County Public Schools, Jesse L. Starkey Administration Building, P.O. Box 2770, La Plata, MD 20646; 301-932-6610/301-870-3814. For special accommodations call 301-934-7230 or TDD 1-800-735-2258 two weeks prior to the event.
