

2019 SUMMER READING GUIDE @CCPL

CCPL's Summer Reading starts June 8th - September 9th!

Go to ccpl.beanstack.org to register for new users, or log in to our Summer Reading Program!

Choose your category of Children (ages 0-12)
or Teens/Adult (ages 13+)

DID YOU KNOW? We have a Beanstack app available for you to track your progress on-the-go!

Complete the program by earning 100 points. Multiple ways to earn points!

- Reading minutes
- Logging reviews
- Activity badge challenges
- 6 badges with 5-10 activities each, and more!

Only one challenge has to be completed in each category to receive your badges!

Here are your potential badges to win:

Alien Experiments (Create)
Astronaut Training (Research)
Down To Earth Activities (Discover)

Land on the Moon (Events)
Reading to the Moon (Read)
Star Stories (Write)

Earn 50 points to receive your halfway prize
(either a Children or Teens/Adult prize pack*).

Earn 100 points to complete the Summer Reading Program and enter for
the grand prize!

*Prizes available while supplies last. We will be unable to ship prizes.

P.D. Brown: 301.645.2884 Potomac: 301.375.7375
Waldorf West: 301.645.1395

General Smallwood Middle School is partnering with Charles County Public Libraries (CCPL) for a summer reading challenge. This summer you will be working on the challenges offered by CCPL. You can choose to work on these challenges through the computer website, ccpl.beanstack.org, the Beanstack mobile app, and your local library branch. You can also complete the Summer Reading Program with this information attached, if you would prefer.

If you choose to complete it through the computer/library, you can have your Beanstack reading, writing and activity logs sent to your teacher's email. Or, you can print out a copy of your completed challenges, reading logs and activities from the library at the end of the summer, before you return to school.

If you choose to complete the packet, make sure you mark the appropriate items and return the packet to your ELA teacher by September 6, 2019.

The CCPL summer reading challenge is all about earning badges. You can earn badges in several categories and for different reasons. You can earn badges for logging minutes read over the summer, for writing reviews, or for completing a challenge. For those of you completing the badges on-line you will be creating an account with your library card and logging these things yourself. Once you have earned 50 points (the halfway mark) you can go into your local CCPL library branch to receive a prize for your hard work.

General Smallwood Middle School challenges you to complete as many badges/challenges as possible by September 6, 2019. **One of the challenges must be completing one middle school appropriate book.**

Here's to a great summer!

CCPS Summer Reading Activity Log

Overview: 100 points completes the Summer Reading Program. You can earn points for completing activities, logging minutes, reading books and writing reviews.

Every activity earns the student 3 points.

Every book read earns the student 5 points.
